

## MATAAFA'S MEN KILL MARINES

British and American Force Ambushed.

FORCED TO RETREAT FROM GERMAN PLANTATION.

Two Officers of the American Cruiser Philadelphia Killed, Also Officer of the British Cruiser Tauranga, Who Was in Command of Marines—Bodies Found Headless and Otherwise Mutilated—News Causes Great Excitement in Administration Circles at Washington—American and English Will Punish Rebels for Their Treachery.

Apia, Vied Auckland, April 12.—[Special.]—Mixed British and American force of Marines were ambushed today by the followers of Mataafa on a German plantation and forced to retreat to the beach.

Lieutenant Lansdale and Ensign Monaghan of the Cruiser Philadelphia, and Lieutenant Tauranga, who was in command of the marines, were killed. Their bodies were afterwards found headless and otherwise mutilated. Two Americans and two British sailors were also killed.

The manager of the plantation has been arrested.

News Received at Washington.

Washington, April 12.—[Special.]—News of the massacre of the American and British officers and marines on the German plantation in Samoa, caused great excitement in administration circles.

This act of Mataafa will gravely complicate the Samoan situation and no one can tell where it will lead.

It is certain that the American and British governments will severely punish the rebels for this act of treachery. The fact that the massacre occurred on a plantation owned by a German, is bitterly commented on. Reparation may be demanded at the hands of the German government.

Lieut. Lansdale was one of the best known younger officers of the navy. He was a great favorite at Newport and Bar Harbor. His home was in Washington.

Natives to Be Chastised.

Wellington, New Zealand, April 12.—[Special.]—A local volunteer company have renewed offers to go to Samoa and assist the British marines at Apia.

It is believed that reinforcements will be sent to Apia and the natives summarily chastised by the British despite whatever Germany may do.

Late advices state that it is believed that Americans will get reinforcement from Manila, possibly under the command of Dewey.

Making a Gallant Stand.

The British and American force numbered one hundred and five and Mataafa's force over eight hundred. The fighting is terrific and the Americans and British are making a gallant stand, inflicting heavy losses on their assailants. They were finally compelled to retire, in face of overwhelming odds, but did so in good order.

Monaghan perished in a gallant attempt to rescue Lansdale, who had fallen in the fight and was seriously wounded. Fully two score of the natives surrounded the brave ensign and his superior, brutally dispatching both in a few seconds.

A French priest some time later brought in the headless bodies of two officers. The natives kept the heads as trophies of war.

The German manager of the plantation was taken prisoner on board the British Cruiser Tauranga. Affidavits on which he was arrested say that he was heard inciting the natives to make the attack on the American and British forces.

The fight on the plantation is the second which has occurred within the last few days. In the first engagement the British and American forces routed a large force of Mataafa's, killing twenty-seven and none of the British or Americans were lost in this fight.

The sailors on board the American and British warships are crazy to get revenge for the loss of their officers and comrades. It was with great difficulty that their officers kept them under restraint. They are pleading for a chance to attack the natives and recover the heads of the officers killed in the fight.

The feeling against the Germans is intense and it would not take much to start a fight with them.

Germanus Discuss the News

Berlin, April 12.—[Special.]—News of the defeat of the British and American forces at Samoa has just been received and is being excitedly discussed and the situation has been rendered more acute.

The best opinion now is that settlement of the question is further away than ever.

Several Battles Have Taken Place.

Apia, April 12.—[Special.]—Several battles have taken place between the followers of Tanus and Mataafa. Many

were killed and wounded on both sides. In the battle April first between Mataafa's and the British and American forces a Philadelphia Gatling gun was captured and disabled.

Mataafa's men have been anxious to surrender, but the German consul urged them to hold out. Mataafa now says he will fight to death.

Everyone here now agrees that Germans caused the trouble. Will Not Interfere With Commission. Washington, April 12.—[Special.]—The fighting in Samoa regarded as lamentable and regrettable, but it is stated on high authority that it will not interfere with the work of the Samoan commission.

## OTHER GOOD ATTRACTIONS

Are Now Booked For the Myers Grand This Month

Local theatre goers are to see Richard Mansfield's masterpiece, "Cyrano de Bergerac."

But Richard himself will be noted for his absence. In his place will be found Willard Newall, a bright young actor, who is now traveling in the west with marked success.

It will be seen Wednesday evening of next week, April 19th. Mr. Newall is now playing at the Bijou in Milwaukee, and is said to give good satisfaction in the character of a much smaller price than Mansfield pieces.

Manager Myers has booked John Vogel's "Darkest America" for Saturday, April 29th, matinee and evening. "Two Much Money" is booked for Friday evening, April 21st, at the Myers Grand.

The date of Tim Murphy's return engagement in "The Carpetbagger" is Tuesday, April 25th.

## BEEF PRAISED BY SHAFTER.

Commander at Santiago Disputes Statements of Roosevelt.

Washington, April 12.—Maj.-Gen. Shafter, commander of the United States forces during the Santiago campaign, in his testimony before the court of inquiry Tuesday, declared that the beef furnished his army was good. He said that the ate of the canned meat every day and heard no complaint from the time of landing until the city's surrender.

Statements made by Col. Roosevelt that his men were short of rations and supplies were disputed by Gen. Shafter, who said that if the rough riders had no food it was their own fault; that they were ordered to provide themselves with adequate supplies before they started forward. The refrigerator meat, Gen. Shafter declared, was satisfactory, only one complaint regarding it reaching his ears.

Several members of Philadelphia and Cincinnati companies testified, all agreeing that both the canned and refrigerator meats were unfit for rations. They blamed much of the sickness of the men on the beef, much of which was thrown away. One told of finding maggots in the beef broth furnished aboard the transport Mississippi. The agent of a packing firm denied knowledge of any chemical treatment to preserve the meat.

Gave a Unique Party.

A venerable lady in New Philadelphia, O., recently gave a party which was thoroughly unique in its character. The company was made up of seven couples who were related to the hostess, and all of whom had eloped to get married. In no instance had there been any serious opposition to the different matches. It simply "runs in the family" to embrace matrimony in that way, and the style is faithfully maintained, the youngest couple having eloped in February in face of the cordial approval of their attachment for each other by their parents.

Sensitive Clock.

A Lewiston (Me.) merchant has in his store an old-fashioned clock which is peculiarly sensitive. It sometimes stops, and if any one steps into the store or goes by, it will start again, and if a horse steps on a certain spot in the street it will start. A man who happened to notice it, and who had one like it himself, said that his would not run after he had started his furnace in the fall. In the spring, after he ceased to keep a fire, it would run all right.

Prevented Identifications.

In one of the lower counties of Kentucky recently a ragged, dirty, disreputable tramp stole a pair of oxen and sold them. A shrewd young lawyer undertook his defense, and when the case was called a well-dressed, clean-shaven, good-looking man took his place in the dock. The change was so great that none of the men who had seen him with the oxen was able to completely identify him, and he was acquitted.

Her Small Brother.

Bobby (at the breakfast table)—Maud, did Mr. Jules take any of the umbrellas or hats from the hall last night? Maud—Why, of course not! Why should he? Bobby—That's just what I'd like to know. I thought he did, because I heard him say when he was going out: "I am going to steal just one," and—why, what's the matter, Maud?—Till-Bits.

## GREEN BAY MAN IS KILLED IN QUARREL

CHARLES OTTO, AGED 60, KILLED BY YOUNG MAN.

Bank of Alma Falls, Caused by the Fire Which Destroyed Flour Mill—Racine Strike Ended and Employees of J. I. Case Co. Return to Work—Oshkosh Strike.

Green Bay, Wis., April 12.—Charles Otto was struck with a board and killed by Eli Vincent about 4 o'clock this afternoon. The killing took place near Vincent's home in the eastern part of the city and was the result of a family feud of several years' standing. Otto was about 60 years of age. Vincent is 22.

In the quarrel Vincent seized a board and struck the old man over the head. Two nails in the end of it pierced the skull. Otto walked away, but soon after dropped dead.

In the meantime Vincent came to a justice's office to have Otto placed under a peace bond. While there news of Otto's death came and Vincent was arrested. A coroner's jury viewed the body and adjourned until tomorrow.

Bank of Alma Falls.

La Crosse, Wis., April 12.—As a result of the fire of last week, which destroyed the Alma flouring mills, Hunner & Ginzkey's bank of Alma has been closed. The mill company had liabilities amounting to \$40,000, of which \$27,000 was secured by insurance and mortgages on the plant and some other real estate. The bank liabilities are between \$80,000 and \$90,000, assets unknown. One item of the assets is the milling company's note for \$20,000. The insurance amounts to nearly this sum, but half of it is made payable to Thomas Irvine, of St. Paul. Even if the whole sum of insurance is collected, no part of it will go to the bank.

Walkout of Employees.

Oshkosh, Wis., April 12.—Dissatisfaction on the part of operatives in the cash and door factories in this city has led to the "walk-out" of a small number of employees of each of two factories, Radford's and Faine's. The factory men state that they have raised the wages of many of their men, and that some of those who were not raised became dissatisfied and quit. No general strike is anticipated.

Rough Rider To Marry.

Oshkosh, Wis., April 12.—On Wednesday afternoon next, at the home of the bride's father in Savannah, Mo., the wedding of Miss Ida Schuster and William J. McCoy of this city, will take place. After a trip the couple will return to Oshkosh to reside. "Mr. McCoy served through the recent Spanish-American war as a private in Troop K of Roosevelt's Rough Riders, in which service he nearly lost his life by malarial fever.

Racine Strike Ended.

Racine, Wis., April 12.—The big strike, which has been in progress at the J. Case Threshing Machine company plant for four weeks, involving 250 men, was settled this afternoon and before Monday morning next all of the men out will have resumed work if they so desire. The settlement was made through D. Douglas Wilson, grand foreman of the International Association of Machinists, who came here yesterday and with a committee of the men met officials of the company and came to an agreement.

The agreement between the men and company is not given for publicity, but the men appear pleased and satisfied.

Wisconsin Pensions Granted.

Washington, April 12.—Restoration and additional—Jonathan B. Ayers (dead). Pilot Knob, \$4 to \$12. Increase—Robert W. Hume, Portage, \$14 to \$17. Original, widows, etc.—Mary Brown, Neenah, \$9; Theres O. Bernmeyer, Milwaukee, \$8.

Pumelo, Shaddock or Grape Fruit.

The pumelo of Florida is now recognized as not only a delicious breakfast fruit, but also as a tonic and alternative, counteracting malaria, imperative action of the liver, and as a general bracer and appetizer to the human system. In China the fruit is made ornamental in its service, the rind cut in intricate and curious designs, the top lifting as a cover, as do citron melons in this country for ceremonious occasions. The pulp is separated, the white, tough membrane peeled off and then put back in the skin, to be removed to individual plate when the fruit is passed. It is ever present as a favorite delicacy of Chinese feasts. In this country the shaddock is served in various ways, either as fruit, sherbet, etc., according to the fancy of the hostess. As a fruit course for breakfast it is cut in half and eaten with sugar—the less of the latter used the more beneficial.

Was a Clog Dancer.

"Tell me honestly," said the novel reader to the novel writer, "did you ever see a woman who stood and tapped the floor impatiently with her toe for several moments, as you describe?" "Yes," was the thoughtful reply; "I did once." "Who was she?" "She was a clog-dancer."

Green-Eyed Lobster.

Winifred (insinuatingly)—Mr. Randolph comes to see you every day, doesn't he? Julia—Oh, yes; but he's very easily entertained. Winifred—He must be.

## LAWTON DISPERSED THE INSURGENTS

PURSUED THEM EAST FROM SANTA CRUZ.

Captured Larger Vessels Used in Lake Trade and a Spanish Gunboat—Wheaton Drove Enemy Ten Miles to Eastward of Railway Line of Communication With Malolos.

Washington, April 12.—[Special.]—The following was received from Gen. Otis this morning:

"Yesterday in the lake region, Lawton pursued the insurgents eastward from Santa Cruz, dispersing them. He captured all the larger vessels used in the lake trade and a Spanish gunboat. Lawton is now endeavoring to pass them from the river, where they are concealed, into the lake."

Wheaton drove the enemy ten miles to the eastward of railway line of communication with Malolos. Lawton's and Wheaton's casualties were slight as the enemy made no stand. Have been notified that they will evacuate Mindoro and Polo soon.

Manila, April 12.—[Special.]—General Wheaton chased the enemy eight miles into the interior this morning.

Santa Mira, a rebel stronghold, was captured after a brief fight. A large force of Filipinos had concentrated at this point for the purpose of stopping the advance of the Americans. Wheaton brought a Gatling gun into play and the rebels withstood hail of shot from this deadly weapon for a few moments only. They fled with the Americans in hot pursuit. The Filipinos left thirty-four dead and sixty-eight wounded behind. Casualties sustained by Americans, if any, have not been reported.

Wheaton had with him the tenth Pennsylvania and Second Oregon.

Manila, April 12.—Lawton's command captured the villages of Pagasjan and Lumban Monday with some resistance at the latter place.

About fifty natives were captured and several killed. There was one casualty among the Americans, that being an arm wound.

A body of insurgents attacked the rear of MacArthur's division between Marilao and Cocane at 3 o'clock Tuesday morning. The telephone line was cut. Our loss was five men killed and fourteen wounded, all in company M of the Second Oregon regiment, and companies C and D of the Thirtieth Minnesota.

More troops are needed out here. The fighting has only just begun.

Rebels Attack Soldiers.

Manila, April 12.—About midnight the rebels cut the telephone line in several places between here and Malolos and signal fires were lighted and rockets sent up along the foothills to the right of the railroad. Later the enemy attacked the outposts of the Minnesota regiment between Bigaa and Bocavie, five miles south of Malolos, killing two men and wounding fourteen.

Simultaneously the outposts of the Oregon regiment at Marilao, the next station on the way to Manila, were attacked, with the result that three Americans were killed and two were wounded. The loss of the enemy was ten men killed and six wounded. The Americans also captured two prisoners.

Troops were concentrated along the railroads as thickly as possible, and the rebels were driven back to the foothills. The roadbed of the railroad was damaged, but it was repaired almost immediately, and traffic was soon resumed through to Malolos.

It is supposed that many of the rebels who attacked Gen. MacArthur's line of communication and who were repulsed by the troops commanded by Gen. Wheaton were natives who entered the region in the guise of friendliness.

They had seemingly secreted arms in several places, and fired on the Americans from the bushes at so close a range that they could be heard talking. Gen. Wheaton is preparing to punish the Filipinos.

The military gunboat Oeste has brought thirty-two rebel wounded, and dead Filipino and six wounded Americans to the hospital. It is now known that ninety-three insurgents were killed during the capture of Santa Cruz.

Victory Most Complete.

Washington, April 12.—The following dispatch gives additional information concerning the fight at Santa Cruz:

"Manila, April 11.—Adjutant General, Washington: Lawton's success at Santa Cruz more complete than reported yesterday. Enemy left nine-three uniformed dead on field, and number seriously wounded. Lawton captured city without destruction of property. His loss, ten wounded, slightly, except two; one since died. Lieut. Elling only officer wounded, slightly, on hand. Enemy retired eastward. Lawton in pursuit this morning. OTIS."

NO MORE TROOPS ARE NEEDED.

President McKinley Satisfied That Our Army Is Strong Enough.

Washington, April 12.—The president has apparently determined to adhere to his decision not to take advantage of the authority given him by the army reorganization act to raise a force of 35,000 volunteers to serve un-

til 1901. He is evidently satisfied, despite sensational press reports, that the troops now in the Philippines and the reinforcements ordered to Manila will be sufficient for all purposes. Gen. Otis has confirmed this opinion. There will be no demand for any large increase in the Philippine army for six months, the time within which the volunteers serving there must be mustered out.

The only present action planned by the government under the provision for a volunteer force of 35,000 men is to establish rural constabulary systems in Cuba, Porto Rico, and perhaps in the Philippines.

Work Ahead in the Philippines.

Manila, April 12.—While it is probable that there is an end to the big engagements in the Philippines, between the Americans and the Filipinos, the war is not at an end by any means. It is the opinion among army men here that it will require the presence of 50,000 American troops to occupy the territory that has been taken and to keep open communication among the islands.

Charles Dudley Warner Jr.

New Orleans, La., April 12.—Charles Dudley Warner, the well known author and journalist, is critically ill in this city. He was recently attacked by the grip, which has developed into pneumonia of the right lung.

Will Resume Operations.

Danville, Ill., April 12.—The 2,000 miners who went out here last week decided to lay the matter before the state arbitration board, and will resume operations.

## DEATH AT LINE CITY

Rufus Clark, an Old Settler Passes Away—Well Known Beloit Young Man Married.

Beloit, Wis., April 12.—[Special.]—Rufus Clark, brother of Dr. E. N. Clark of this city, died yesterday at Dr. Clark's home. Mr. Clark was one of the oldest citizens of Rock county and was held in high esteem by every one in the community.

Mr. James Laffin, a well known young man of this city, was united in marriage yesterday to Miss Julia Welsh at Jefferson, Wis., the home of the bride. Miss Welsh is very well known here, having spent most of her time in this city. It was a very pretty wedding, the bride and bridesmaid being attired in white organdy. There were two bridesmaids, Miss Lizzie Laffin, sister of the groom, and Miss Annie McKeon. The groomsmen were Edward Laffin, brother of the groom, and James Keeley. The young couple will reside in this city, where they have a cozy home awaiting their return. The couple are very well known here and have a countless number of friends who wish them much joy.

The common council held their meeting last night and installed the new members of the council. The city printing was given to the Beloit Free Press, which was a very great disappointment to the Beloit News, as the News was doing all in its power to get the printing.

## POPE CONVALESCENT

Dispatch From Rome Says His Holiness Is on the Road to Complete Recovery.

London, April 12.—[Special.]—A dispatch from Rome says the pope is now convalescent and is on the road to complete recovery.

Shah Tries Experiments in Skating.

The London World says that during the winter months the little colony of sixty or seventy English people at Teheran organize concerts for one another's amusement; there is a dance now and then at the legation, and on Christmas night every Englishman in the place is a guest of Sir Mortimer and Lady Durand. When the weather is cold, of course, there is skating. Skating is the greatest marvel of all the Persians. A few years ago the late shah, Nasr-ud-Din, saw twenty skaters twirling and curling and spinning gracefully on the ice. He was amused; he thought it wonderful. The next day he sent to the legation and borrowed a dozen pairs of the skates. These he made his ministers put on and attempt to skate on the lake in the palace grounds. The poor ministers were terribly discomfited, but it was twice as much as their heads were worth to refuse. His majesty was more amused than ever at this exhibition.

High Lights.

Money talks, but it doesn't necessarily say the wise thing. We should not be cheerful with people who do not like cheerfulness. The insolence of office is only the lining of pre-official obsequiousness. Temper has its mission; some people are so cross that they are funny. When our own peach trees are nipped we get the idea that there won't be a peach crop on earth.

## THE SENATE TODAY KILLED BARBER BILL

ANIMATED DISCUSSION OF TORREN'S LAND SYSTEM.

General Fish and Game Bill Reported—Require Resident Hunters to Pay License of \$1, Non-Residents \$10, Including Deer License \$25—Resumed Debate on Railway Taxation.

Madison, April 12.—[Special.]—The barbers' license bill met a sudden death in the senate today, with only half a dozen votes in its favor.

The senate had an animated discussion of the Torrens land system, finally refusing to concur in the bill; instructing the attorney general to investigate and report to the next legislature.

The assembly amendment to the university building appropriation adding \$85,000 for an electric light plant, was re-referred.

Among the bills advanced to a third reading by the senate was one prohibiting spring shooting, and one requiring intelligence offices to pay \$10 license and file a bond.

The general fish and game bill was reported by committee. It requires that every resident hunter in the state pay a license of \$1, to shoot any kind of game, non-residents \$10, and including deer license \$25, the proceeds to go to pay the thirty deputy game wardens. Assembly resumed debate on railway taxation bill today.

Hall made another long speech for his amendment, increasing taxes. His amendment increased the taxes of railroads \$800,000, but was lost, a substitute bill increasing the taxes \$300,000 was adopted and sent to a third reading. An effort to suspend the rules and pass the bill was lost.

Madison, Wis., April 12.—The senate Tuesday passed a resolution for final adjournment on April 21, the assembly laying the same over. Both houses held two sessions. The assembly passed the senate bill appropriating \$186,000 to the university.

The Sheridan drive bill was reported for passage in the form of a substitute providing that no money be expended for it until voted by the counties through which the road shall pass. The bill to regulate the legislative lobby was favorably reported.

The feature of the assembly at the evening session was the speech by "Anti-Pass" Hall in favor of his substitute for the bill relating to license fees to be paid by railroad companies. Mr. Hall's substitute provides for a tax of 6 per cent on all roads whose gross earnings equal or exceed \$5,000 per mile, 5½ per cent when the earnings are between \$4,500 and \$5,000, 5 per cent when between \$3,500 and \$4,000. It was the greatest speech of the session, but no action was taken on it.

## PLAGUE IN FAR EAST

Dispatches to London From Far East Show That Plague Is Spreading Throughout Asia.

London, April 12.—[Special.]—Dispatches from the east show that plague is spreading throughout Asia.

## FORECAST OF WEATHER

Chicago, April 12.—[Special.]—Forecast for Wisconsin: Fair tonight and Thursday.

Sitting Bull's Grave.

A broken wooden headboard and a neglected mound of earth in the Fort Yates, N. D., military cemetery mark the resting place of Sitting Bull, the great Sioux medicine man whose wily brain planned the deathtrap of the Little Big Horn, into which Gen. Custer's command fell. On the broken headboard is written: "No. 54. Sitting Bull, Indian." Relic hunters have cut most of the headboard away.

Now It Is a Blue Carnation.

George M. Gerabty, manager of the floral department of Daniels & Fisher at Denver, Col., makes the statement that he has under propagation a blue carnation. He says he has grown enough of them to satisfy himself that it is a true and sturdy plant, but will not introduce it until he can show a flower with a history that will convince everyone that he has the first blue carnation grown.

The Vatican Library.

Pope Nicholas V. was the founder of the Vatican library, which has been increased by many popes. The libraries of the Duke of Urbino, of the Elector Palatine, of Christina of Sweden, of the family Ottoboni, and others, have been added to it. It contains 80,000 printed volumes and 24,000 manuscripts of which 5,000 are in Greek, 16,000 in Latin, and 3,000 in the Oriental languages.

Automobile Carriages.

Contracts were signed in Los Angeles, Cal., recently by the officials of the Santa Fe road for ten automobile carriages to be used between Flagstaff, Ariz., and the Grand Canyon of the Colorado. The contract is made with a Chicago firm. The carriages are required to make sixteen miles an hour. The trip from Flagstaff to the canyon can be made in seven hours.

It is a most excellent plan to make our school houses as home like and attractive as possible.

## RESOLUTIONS OF RESPECT

Adopted By Members of Du Lac Grange, Milton Junction.

Whereas, The silent and mysterious messenger of death has summoned to the great unknown, our much beloved and honored member, J. C. Plumb, who died March 19, 1899, one who was found true to the cause of agriculture, our order and mankind. For thirty one years he had been a resident of our town, and twenty-six years a member of this grange. We shall always remember him as an honest, candid, upright and christian gentleman.

Resolved, That while we bow in submission to the will of the great Deity, whose mandate all must obey, and from whose decree no appeal can be taken, while our hearts are made sad at this loss and we miss him in our councils, we the members of Du Lac Grange, Milton Junction, Wisconsin, tender to his bereaved wife and children our deepest and tenderest sympathy, in this their greatest of afflictions.

Resolved, That a copy of these resolutions be sent to the bereaved wife and children of our deceased Brother and that a page suitably inscribed be set apart to his memory in our minutes, also a copy be sent to the press for publication.

S. C. CARR,  
JOHN STROCKMAN,  
MICHAEL RABYON,  
Committee.

Attention, W. R. C.!

The committee in charge having postponed the anniversary entertainment, the members of the W. R. C. will meet Thursday afternoon at 2:30 o'clock at G. A. R. hall. The ladies will come prepared to sew and bring refreshments; their families are invited to supper, and the evening will be spent in a social manner. The ladies will prepare the papers assigned them at last meeting.

Alexandria, Ind., April 12.—Notices were posted at the American plate glass works Tuesday that the factory would at once resume operations with non-union operatives.

## KING REX HELD HIGH CARNIVAL

CHICAGO CAKE WALKERS AT  
ARMORY LAST NIGHT.

Four Hundred People Enjoyed the Festivities at the Armory Last Night—Second Appearance of the Black Face Artists at Myers Grand Last Evening.

King Rex and his merry crowd of maskers held high carnival at the armory last night and in the neighborhood of four hundred people, including dancers and spectators, enjoyed the festivities of the evening and from 9 until 11 o'clock King Rex and his jolly crowd had possession of the floor. King Rex led the grand march, after which he read his proclamation directing all to have a good time and enjoy life, which they did last evening to the fullest extent. King Rex was a good one. Following the grand march there was a cake walk, which was participated in by two couples, Joseph Nichols and Mattie Hogan, champions of Chicago, and David Simons and Lizzie Stewart, said to be the champions of the world. The cake walk was not found lacking in any respect and never was one put on in the Bower City that captivated the spectators as did the walk last night. Miss Stewart was literally covered with medals and judging from her walk last night, they were all well earned. The calcium light effect added much to the beauty of the walk. After the cake walk, the merry making was resumed and continued until one o'clock.

Smith's orchestra of eight pieces furnished the inspiration.

Golf Minstrels a Success.  
There were flowers and applause—plenty of both for the Sioissippi Golf Club Lady Minstrels last night. The audience was large and appreciative; the performance was even better than on Monday night; and the Golf club were encouraged by the fact that in spite of very heavy expense the show was a financial as well as an artistic success.

For this success the club is indebted to the earnest and hearty aid given by the body of young ladies whose names have been published. To Miss Agnes Shumway there is an especial obligation, as her zeal and enthusiasm proved invaluable in the early days of the project. There came near being another tie in the cake walk last night. The cake was finally awarded to Mrs. H. L. Pulker and Miss Alma Golling, although the applause given to Misses Agnes Shumway and Lou Kent made the decision difficult.

## THREE NIGHTS OF MERRIMENT

At Myers Grand, Beginning Next Thursday Evening

Blondell and Fennese's big musical comedy company will offer their latest novelty "A Cheerful Idiot" to open the repertoire which includes "A Jay on Broadway" and "Cyrene De Epocaec" at Myers opera house for three days commencing Thursday, April 13. "A Cheerful Idiot" is from the pen of Enoch Blondell, who, with Libbie Blondell assume the leading roles. As Jet Dimple, the foolish country boy, Mr. Blondell ranks as one of the greatest character actors of the day. His originality is something remarkable and mannerisms are the character of a foolish boy making love to a pretty girl. His actions too are most ludicrous and no audience can sit and refrain from giving vent to pent up mirth. The cast is headed by Edward and Libbie Blondell, two of the choicest comedy exponents now before the public, who are assisted by Waller and Waller, musical experts; Emery and Nodina, refined singers; Armstrong and Porter, comedy duo; the Deacons, Mamie Weaver and other clever artists.

Bargain seekers should not fail to visit the dining rooms of The Mrs. Clark Co., 151-153 Wabash Ave., Chicago, which is the very center of the shopping district. This restaurant has the finest cuisine and service in the city and the prices are moderate.

The restaurant on the 7th floor of the Association building in La Salle street is also run by this company and is equally inviting and attractive.

## AN INTERESTING PROGRAM

Daughters of American Revolution Met Yesterday.

A very pleasant meeting of the Daughters of the American Revolution was held yesterday afternoon at the home of Mrs. N. O. Clark, 52 Mineral Point avenue. The parlors were appropriately decorated.

A business session was held, after which refreshments were served. Then followed a program unusually interesting.

Mrs. W. T. Sherer opened the program with a well rendered piano solo, which was followed by an interesting reading by the regent, Mrs. J. Wright. "Ponce de Leon's Home Ours." A vocal solo by Miss Ida Taylor. "O, Leave Me Not Dear Heart," was well received. Miss Millie Chittenden gave a select reading entitled "What One Woman Did For the Battle of Lexington."

A whistling solo by Mrs. Sophie L. Bowditch was one of the features of the afternoon's program. Mrs. Edward J. Ryan gave a select reading entitled "Echoes From a Gig Box." Mrs. Minnie Menzies sang a double number, "Melody" and "The Sweetest Flower That Blooms." Mrs. E. E. Loomis read extracts from an address by Senator John C. Spooner and a sketch from the life of Jonathan Thompson. The program was fittingly concluded with the singing of "America," by the members of the chapter. Mrs. E. O. Kimberley furnished some very neat printed programs as souvenirs for the members.

## THE "NEWSBOY EVANGELIST"

At Mary Kimball's Mission Next Sunday Evening.

Rev. D. L. Schultz, well known throughout the country as the "Newsboy Evangelist," will preach at the Mary Kimball mission next Sunday night. Rev. Schultz is an interesting speaker, and has delivered addresses in several of the principal cities in this country. When a small boy he earned his living by selling papers in the streets of Philadelphia, and while there thus engaged, was converted, and very soon received the title of the newsboy preacher. At the age of ten years he was unable to read or write, but after being placed in good hands, soon overcame the difficulty, and at once started in the missionary work among those with whom he mingled, and has since been engaged in the good work. He will probably remain at the Mission two weeks, holding meetings each evening, in the Mary Kimball Mission Chapel. His wife will accompany him. They intend taking up dependent missionary work in Japan next year. They are members of the Free Baptist church and have accomplished good wherever they have been. A cordial invitation is extended to everybody to attend these meetings. Especially are the newsboys of our city requested to be present. Mary Kimball, City Missionary.

We, the undersigned, do hereby agree to refund the money on a 50c bottle of Greene's Warranted Syrup of Tar if it fails to cure your cough or cold. We also guarantee a 25 cent bottle to prove satisfactory or money refunded. People's Drug Co. H. E. Banous & Co.

## HELD DEBATE LAST EVENING

Members of Rush Lyceum Discuss System of Electing Senator.

A very interesting meeting of the Rush Lyceum was held at the high school building last evening. Charles Woodstock delivered Adam's speech for Declaration of Independence and Thomas Costello discussed current events.

The program concluded with a debate on the question "Is the Present System of Electing United States Senators Better Than by the Popular Vote." The affirmative was in the hands of Allen Lovejoy and Allie Richardson while Stewart Murwin and Barr Scott upheld the negative side. The judges decided in favor of the affirmative side.

## Let Us Overhaul Your Bath Room.

A great many bath tubs in this city were put in years ago. Likewise water closets. They are foul, ill-smelling and unwholesome and a menace to health. Bath tubs were boxed in and pipes out of sight, often leaking and accumulating dirt. You should throw these out and put in a bright porcelain tub and a syphon water closet with exposed nickel water pipes. You will take more comfort than you can imagine. The price for this kind of this kind of work has got down to reasonable figures now. If you think of doing anything to your bath room. We will be glad to give you an estimate of the cost and other information and help which our experience would suggest.

## CATARRH OF THE STOMACH.

A Pleasant, Simple, Safe but Effective Cure for It.

Catarrh of the stomach has long been considered the next thing to incurable. The usual symptoms are a full or bloating sensation after eating, accompanied sometimes with sour or watery risings, a formation of gases, causing pressure on the heart and lungs and difficult breathing; headaches, fickle appetite, nervousness and a general played out, languid feeling.

There is often a foul taste in the mouth, coated tongue and if the interior of the stomach could be seen it would show a slimy, inflamed condition.

The cure of this common and obstinate trouble is found in a treatment which causes the food to be readily, thoroughly digested before it has time to ferment and irritate the delicate, mucous surfaces of the stomach. To secure a prompt and healthy digestion is the one necessary thing to do and when normal digestion is secured the catarrhal condition will have disappeared.

According to Dr. Harlanston the safest and best treatment is to use after each meal a tablet, composed of Diatase, Aseptic Pepsin, a little Nux, Golden Seal and fruit acids. These tablets can now be found at all drug stores under the name of Stuart's Dyspepsia Tablets and not being a patent medicine can be used with perfect safety and assurance that healthy appetite and thorough digestion will follow their regular use after meals.

Mr. N. J. Booher of 2810 Dearborn St., Chicago, Ill., writes: "Catarrh is a local condition resulting from a neglected cold in the head, whereby the lining membrane of the nose becomes inflamed and the poisonous discharge therefrom passing backward into the throat reaches the stomach, thus producing catarrh of the stomach. Medical authorities prescribed for me for three years for catarrh of stomach without cure, but today I am the happiest of men after using only one box of Stuart's Dyspepsia Tablets. I cannot find appropriate words to express my good feeling. I have found flesh, appetite and sound rest from their use."

Stuart's Dyspepsia Tablets is the safest preparation as well as the simplest and most convenient remedy for any form of indigestion, catarrh of stomach, biliousness, sour stomach, heartburn and bloating after meals.

Send for little book mailed free, on stomach troubles, by addressing Stuart Co., Marshall, Mich. The tablets can be found at all drug stores.

"A word to the wise is sufficient" and a word from the wise should be sufficient, but you ask, who are the wise? Those who know. The oft repeated experience of trustworthy persons may be taken for knowledge. Mr. W. M. Terry says Chamberlain's Cough Remedy gives better satisfaction than any other in the market. He has been in the drug business at Elkton, Ky., for twelve years; has sold hundreds of bottles of this remedy and nearly all other cough medicines manufactured, which shows conclusively that Chamberlain's is the most satisfactory to the people, and is the best. ## Outs Army to Peace Basis.

Washington, April 12.—An order has been prepared at the war department for a reorganization of the army on a peace basis. Most of the general officers of the volunteer establishment will be mustered out and radical changes made in the staff departments of the same, including the discharge of about sixty paymasters.

## Samoan Commission Named.

Washington, April 12.—The personnel of the joint commission on Samoan affairs has been completed by the appointment as Germany's representative of Baron Speck von Sternberg, first secretary of the German embassy in Washington.

## Wet Season Their Chance.

Paris, April 12.—The representative of Aguinaldo in Paris said in an interview that the Filipinos would benefit by the rainy and fever season, which would enable them to strengthen their military organization and resume the war advantageously.

## To Divide Forces.

Madrid, April 12.—According to dispatches received here from British North Borneo, Aguinaldo has become convinced that it is unnecessary to keep the Filipino army together. Accordingly he means, it is said, to divide his force into a number of little bands, which he will scatter throughout the islands to do what mischief they are able to the American garrisons.

## Deputies Guard the Plant.

Anderson, Ind., April 12.—Sheriff Moore and deputies are at Alexandria, guarding the American plate glass plant. Injunctions were issued enjoining the 800 strikers from injuring the plant or workers. Deputies have been sworn in for the crisis today, when the plants are started.

## ILLINOIS LEGISLATURE.

Immense Amount of Work Done by Both Houses.

Springfield, Ill., April 12.—The senate, at its morning session Tuesday, killed the Begole bill for the removal of the Fourth district Appellate court from Mount Vernon to East St. Louis; committee bill extending privileges of soldiers and sailors' home to veterans of the Spanish-American war; bill providing for equal division of school tax levies between building and educational purposes; bill prohibiting sale of liquor within mile of soldiers' home at Danville; house bill increasing powers of state board of arbitration. Killed Jaul bill regarding taxation of property of sanitary districts.

At the afternoon session the senate passed bill appropriating \$7,500 annually for beet sugar bounties, but Mr. Basse, who in his absence had been voted in affirmative, gave notice of motion to reconsider. Also passed house bill revising mining laws; prohibiting employees of sheriffs or courts to act as receivers or assessment commissioners; to regulate department stores in cities over 100,000; also Dunlap bill amending primary election law as applicable to counties outside of Cook. Passed committee joint resolution for appointment of commission of six by the governor to investigate convict labor systems in New York and other states and report to next general assembly.

The house also passed committee bill for removal of Lincoln monument to within city limits of Springfield; national guard appropriation bills, carrying \$422,500; committee bill appropriating \$6,000 to pay rejected volunteers for time between order to begin drilling and their rejection; also bill establishing western state normal school.

At the afternoon session the house passed bill authorizing use of J. Blocher voting machine at all elections. Killed Page bill appropriating \$3,500 to erect Lincoln industrial institute in southern part of state, vote being 50 yeas and 38 nays; also bill providing for election of member of state board of agriculture by popular vote. Adopted senate resolution for commission to investigate convict labor systems in other states.

By a vote of 59 yeas to 62 nays the house failed to pass bill increasing salaries of members of general assembly to \$1,000 annually, but Mr. Mueller gave notice of motion to reconsider. By vote of 79 to 6 passed the Shanahan bill to tax gross receipts of foreign insurance companies 5 per cent and of domestic companies 2½ per cent, exempting mutual and assessment plan companies. Sent to third reading senate bill to protect bicycle paths. Passed bill to prohibit use of national flag for advertising purposes. Recalled to second reading bill by Mr. Martin of Cook, rejected Monday, for suppressing of mob violence, amended it to meet objections, and sent it to third reading.

## Extra Pay of Army Chases.

Washington, April 12.—Tuesday was the last day of the period for which the soldiers of the regular and volunteer armies will be allowed the 20 per cent increase in their pay. Congress provided that during the existence of war the troops would be entitled to this increase, but as peace was formally declared today the extra allowance ceases. This means a saving of about \$5,000,000 a month to the government, and from this time on the war expenses will decrease rapidly. The troops in the Philippines will lose the extra pay, although still engaged in fighting. The trouble in those islands is in the nature of a rebellion and is purely a domestic affair. To give the troops the war pay would be a domestic recognition of the belligerency of Aguinaldo's army.

## G. A. R. to Elect New Chief.

Philadelphia, April 12.—Great interest is manifested among Grand Army comrades in the election which takes place in this city today of a commander-in-chief for the Grand Army of the Republic to serve the late Commander Sexton's unexpired term, until next September. The leading candidates for the position are Col. W. C. Johnson of Cincinnati, the senior vice commander, who is acting as chief, and Sen. John C. Black of Chicago, commander of the department of Illinois.

1794—Edward Everett, American orator and statesman, born at Dorchester, Mass.; died 1865.

1878—Major General Canby murdered by the Modoc in the lava beds of Oregon; born 1819.

1877—Southern hotel burned at St. Louis; over 100 deaths.

1884—Charles Reade, English novelist and dramatist, died; born 1814. Reade established his reputation by the novelettes "Peg Woffington" and "Christie Johnstone," published in 1823-4. "Never Too Late to Mend" and "Put Yourself in His Place" were among the strongest purposes novels of the time. "The Cloister and the Hearth" has been classed by critics as the very best of his works.

1890—Cyclonic storms in Kansas, Iowa, Nebraska and Illinois; many deaths.

1890—Ex-Governor Thomas M. Holt of North Carolina died; born 1831.

SOUTH NEEDS THE TARIFF

Restrictive legislation and constitutional limitations have practically eliminated the race problem in several of the Southern states, and with the troublesome question out of the way, some interesting political developments may be looked for from that region beyond the Mason and Dixon line in the next campaign. The South needs the tariff for the development of its resources and industries. It needs the tariff for the protection of its lumber, sugar, tobacco, cotton and minerals and for the encouragement of the manufacturers that are springing up in every direction. The only hope the south has for protection is from the republican party, and with the race problem out of the way it will be the most natural thing in the world for the south to drop into line for the party and policy that will do it the most good. The Spanish war has done much to remove the old bitterness and animosities, and when another election comes, unless all signs fail, the campaign in the south will be conducted on lines of patriotism and business.—Grand Rapids (Mich.) "Herald."

MONEY TALKS.

Before the enactment of the Dingley law, the tin plate industry in this country was prostrated. American dealers were obliged to go to Europe for that commodity, and before it reached the hands of the consumer it became expensive because of the cost of transatlantic transportation and the fact that the manufacturers had a corner on the market. We are told by the free-traders that tin plate could not be manufactured in the United States in quality and quantity that would meet the demand. But American capital and American ingenuity have been equal to the emergency, and we now find the making of tin plate among the leading industries of the country.

The men who are earning fifty-four dollars a week will not agree with the free-traders that the Dingley tariff has been of no benefit to the tin plate industry. Money talks, and that is what the employees of the tin plate manufacturers are earning.—Trenton (N. J.) "Gazette."

The naturalist who said that "The organ of sight is more highly developed in birds than in any other animal" evidently had the pudumuk in mind. At least we know of no other bird that could be classed as "an animal."

When a dog barks at night in Japan the owner is arrested and sentenced to work for a year for the neighbors whose slumbers may have been disturbed.

Algeria is the only country in the world where the horses outnumber the human beings.

Perfumes are stated to be injurious to the sense of smell, to the throat, and the lungs.

Women, according to a prominent physician, have, as a rule, much coarser hair than men.

"MILK TODDY HALL."

Singular Names on the Eastern Shore of Maryland.

A Chestertown (Md.) correspondent writes to the Baltimore Sun: The tearing down of the old hip-roofed residence of "God Smith," known as "Milktoody hall," recalls one of the most interesting characters in the local history of Kent county. "God Smith" and "Milktoody hall" are curious names, and here is the curious history of their origin: Kent county like every other inhabitable spot on the globe, has always had many members of the numerous Smith family. Nathan Smith married a Miss God, and to distinguish him from all other Smiths he was ever afterward known as "God Smith." "Milktoody hall!" Well, the story goes that "God Smith" had a serious stomach trouble, rendering it impossible for him to take any solid food. So a liquid diet was determined upon, and milk toddy was the particular liquid. In over fifteen years he never took a mouthful of any solid or of other liquid than milk toddy. If he left home the ever present bottle of milk toddy went also; if he stayed to supper or dinner he took his place at the board, but milk toddy took its accustomed place at his plate, and the toddy constituted his only refreshment. After fifteen years of thriving on his chosen diet he determined to venture on a bit of solid food. But with the experiment came death. The weakened stomach gave way and "God Smith," the proprietor of "Milktoody hall," passed away.

SHE WAS SORRY.

That Her Husband Was Still Smoking After Death.

New York Sun: The man had been absent from New York for a number of years. During his absence many changes had taken place. Some of his friends had moved away and some had died. Though he had taken the New York papers pretty regularly he had not kept up with these friends of his as he should have done. Consequently now and then some of them that he thought dead and buried and forgotten came up to him and shook him by the hand. Such shocks had the effect of giving him nervous prostration, or nearly; and they were of such frequent occurrence that his health not only became undermined, but he ultimately arrived at the conclusion that all of his friends were yet alive. One evening he called upon a woman friend who was living at a hotel. Arrived at her rooms, he found her surrounded by a crowd of people, but he finally reached her and shook her by the hand, admiringly. "You haven't changed a particle," which was not at all true, for her hair had turned so white that she had the air of a marquise in some old picture. "And your husband, too," he went on; "he is just the same as ever. I saw him down in the lobby. He was smoking. The woman looked a trifle startled for a moment, then recovered her composure with considerable effort. "I am sorry to hear," she remarked gravely, "that my husband is still smoking. He has been dead for twelve years."

BRITISH LIBERAL LEADER.

Sir Henry Campbell-Bannerman, who was recently chosen leader of the British liberals, is a man of the world more than a politician. Although he has sat for thirty years in the house of commons as member for the city of Stirling, he does not take himself seriously in his political activities. He has little ambition except to do good work, and not too much of it. He is perfectly honest and frank in all that he does, and can be trusted not to take any unfair advantage by the rival powers within his own party. That is why Harcourt travels peacefully to the Riviera and Rosebery sits undisturbed while Bannerman assumes the formal leadership of the opposition. He did wish in a quiet way to be made speaker of the house, but he was quite

SIR H. C. BANNERMAN.

content when his colleagues decided that they could not spare him from active party management. The new leader is the son of a Glasgow merchant who was knighted at the time of the birth of the prince of Wales. He assumed the traditional name of Bannerman under the will of an uncle. He has been chief secretary for Ireland and secretary of state for war. He is known familiarly as "C. B."

Didn't Admire It.

Grandfather was down from Isabella county to visit his son, and was included among those of the family who went to see Mansfield in his star engagement. "Well, dad, what did you think of him?" asked the son, when they were home again. "He's a smart feller. There's no gettin' round that, but afore I'd appear in public with that there nose of his'n I'd have the durned thing operated on."

ADOPTED CHILD BEFORE THE COURT

SENTENCED TO MILWAUKEE HOME FOR BOYS.

Although But Eleven Years of Age, He Has Been Behind Jail Bars—Smoked Cigarettes and Was a Regular Bowery Lad—Would Not Attend School.

Mrs. Anna Horn, who resides at the corner of Palm street and Western avenue, appeared at the municipal court room at 10 o'clock this morning, having in charge eleven-year-old Eddie McCormick.

Mrs. Horn walked before the bar of justice and said: "Your Honor, this is my adopted son, and after trying for some years to bring him up and educate him as a boy should be, I am compelled to say that my efforts have been unrewarded, and I wish him sent to the industrial home for boys at Milwaukee."

Judge Fifield then questioned Mrs. Horn as to her reasons.

The reasons that the complainant gave were many and were of such a character as to leave no doubt in the mind of the court but what Eddie's record was a trifle bad for one so young.

Mrs. Horn said that she adopted the boy from a home in New York seven years ago and that they recommended that he was "a good little fellow and that with proper handling he would grow up to be a good and noble man."

But Mrs. Horn said that after trying for seven years to bring Eddie up to be "a good and noble man" she thought that as long as she had tried hard and had failed that the proper place for him was in the industrial home.

Mrs. Horn further informed the court that Eddie had been in jail for stealing a watch and that he ran away from home at all times of the day and night and that he would not go to school.

It is said that the boy smoked cigarettes and tried to be a typical Bowery boy.

While this evidence was being given, Eddie sat quietly and listened to all.

He seemed to enjoy the novel situation.

A broad smile covered his handsome face for he was undoubtedly pleased at hearing his past expounded.

The court then sentenced the child to the industrial school for boys at Milwaukee, and in company with Mrs. Horn and an officer he proudly left the court room without a single protest.

## LABOR UNIONS HAVE LAID THEIR PLANS

### CALL FOR STATE CONVENTION RECEIVED.

Coming Meeting to Be Held In Janesville Promises to Be an Important Session—Large Attendance Is Urged by the Committees—Prominent Speakers Are Coming.

The call for the state convention of the Wisconsin state federation of labor has been received in this city. The annual meeting is to be held in Janesville, June 13. The basis of representation is one delegate for each union with 100 or fewer members. The call in part says: "In the history of our organization we have had many important gatherings, but, perhaps, none which have been called upon to deal with more momentous questions than confronts the workers of today. The severities of the industrial stagnation of the past six years have not yet been abated; the wrongs from which the workers suffer have not yet been righted; the injustice imposed upon our people remains unremedied; the overworked large mass and the unemployed many are still testimony to the folly of our age; the employment of children in our factories and workshops, though modified lingers with us still, and the spectacle is witnessed of idle men and laboriously busy children; legislators more concerned with the privileges to the few than the rights of the many; with public assemblage and free speech invaded; threatened or forbidden, and the modern judicial weapon of injunction utilized in the effort to crush labor. These rights and wrongs and others of equal importance, but too numerous for reference here, must of necessity be considered by the forthcoming convention, and such action devised as shall tend to attain the one and set aside the other.

"At no time have the legitimate and natural organizations of the wage earners—the trades unions—been more mercilessly assailed, subtly attacked and unjustly antagonized; in no previous era have they more zealously safeguarded, protected and promoted the true interests of the workers of our state and a decade may pass before more absorbing problems confront them; those now before us require the combined intelligence, earnestness, energy and honesty of purpose of all in the effort to truly and faithfully solve.

"In the conventions of the Wisconsin state federation of labor the workers of the state find the true presentation of their hopes and aspirations. There the voice of labor is heard; there the demands of the workers obtain redress for their wrongs and grievances and the attainment of their rights are discussed, formulated and presented to the world; it is there where the workers peacefully assemble and in concise rational terms present their claims upon modern society for justice; it is there where the workers should be represented by the duly accredited delegates of their trade unions in full affiliation, with the most general, comprehensive, intelligent, progressive labor organization that has ever existed in our state—the Wisconsin State Federation of Labor.

"Owing to the severe trials which the organizations have undergone during the past years of industrial stagnation, many may feel the desire to husband their resources and refrain from being represented. We submit to our fellow unionists that no greater instance of mistaken economy could be manifested. In the conventions of the Wisconsin State Federation of Labor politics are formulated, tactics decided upon and campaigns planned which have for their purpose a progressive and substantial step forward of the entire grand army of labor. Hence all are urged to be fully represented at the Janesville convention, to the end that the legislation shall reflect the judgment of the many."

### OLD FASHIONED DANCE

## JACK HESS ESCAPES FROM PORTAGE JAIL

### QUICK CONSUMPTION GAME HIS LATEST.

Telephone Message This Morning From Portage Tells of His Recapture—Will Be Brought to Janesville and Lodged in Jail—Present Illness Is Not Serious.

Jack Hess made his escape from the sheriff at Portage Monday afternoon. He succeeded in working the sick dodge on the Columbia county jail officials thus gaining the freedom of the jail yard.

When given this liberty he watched his opportunity and made his escape.

As soon as it was discovered that Hess had fled, the alarm was given and every officer in Portage and the surrounding country was soon out on a still hunt.

A valuable clew was struck by the sheriff from the start and through it Hess was soon located and again placed behind jail bars.

Turnkey Brown, of the Rock county bastille, received a telephone message from the sheriff at Portage this morning, stating that Hess had escaped but had been captured, and was again in jail there.

The Columbia county sheriff asked if there was any reward to be given if he turned Hess over to the Rock county officials, and when informed that there was none, he said that he hadn't any right to hold Hess longer, and that he proposed to give him his freedom, if Janesville officers did not call and get him by today.

Turnkey Brown answered that he would be in Portage this evening to get the prisoner and bring him to Janesville so that he would have a chance to answer to the charge of burglarizing freight cars on the Milwaukee road near Beloit in 1897.

Hess, by his gastly looks and constant coughing made the jail officials at Portage believe that he was dying, with quick consumption.

To make his story stronger, Hess told of the death of his brothers and sisters with this same disease.

Being naturally of a weak physique, he looked and carried out the part so well that the jail officials not only gave him the freedom of the jail yard but they favored him in many ways.

Instead of dying with consumption, the Columbia county sheriff said this morning that Hess a well man.

While confined in the Rock county jail, Hess made his escape by knocking a portion of the west stone wall out, using as an instrument, the jail pump handle. On the night of July 31, 1897, he made his escape with William Sonders via the jail chimney, and at two different times he escaped while at work in the jail yard. On another occasion, he swam Rock river at the north edge of the city limits in order to escape the officers who were in hot pursuit.

When brought to this city it is most likely he will be placed on trial, in case he is not too ill—with consumption.

### BROWN-ACHESON NUPTIALS

Solemnized On Last Easter Sunday At Emerald Grove.

On Easter Sunday last, at 7 o'clock in the evening, the Rev. Mr. Dennis, of the Emerald Grove Congregational church, pronounced the words that united as husband and wife Samuel P. Brown and Miss Grace Acheson, both of this city. The ceremony was performed at the Emerald Grove parsonage and not until yesterday were local relatives and friends made aware of the fact. The bride is the eldest daughter of Ex-Sheriff and Mrs. T. L. Acheson and is a young lady of whom nothing but good can be said. She is accomplished in many ways and is a favorite with all who have formed her acquaintance.

The groom is the son of Mr. and Mrs. J. W. Brown, of Milwaukee, and is now turnkey at the jail as well as deputy.

He served in his present position through Sheriff Appleby's first term of office as well as during ex-Sheriff Acheson's term.

He is a most careful officer and is a young man who easily makes friends by his gentlemanly ways and business like methods.

To Mr. and Mrs. Brown many friends will extend most hearty congratulations.

## EASTERN HOUSES CINCH THE MARKET

### OWN GREATER SHARE OF THE '98 TOBACCO CROP.

Transactions in the Tobacco Market Are Now Largely Confined to Few Scattering Sales of the Remnants of the Crop—Little Seed Yet Sown For Another Crop.

The transactions in the tobacco market are now largely confined to a few scattering sales of the remnants of the crop which in the aggregate do not amount to a business of much magnitude. A few sales of local packings have been made of the new crop, indicating a disposition of the large holders to control the bulk of the '98 crop. A half dozen eastern houses already own the greater share of the season's growth, an effort is seemingly on foot to centralize the holdings. Maurice Bamberger, a junior member of the Philadelphia firm of leaf dealers, L. Bamberger & Co., has been in the state this week looking after the interests of the firm.

The warehouses at the packing points are still busy handling the crop and the cool, backward spring has been favorable to the work of handling bundle goods, as it tends to keep the tobacco from sweating.

Very little seed has yet been sown for another crop and, though late, the growers prefer to wait until warm, settled weather.

The shipments out of storage at Edgerton reach twenty carloads, 500 cases, to all points for the week.

## GERMANY IS DISSATISFIED.

Wants a Disavowal from Great Britain and America.

## RELIGIONS ARE INVOLVED.

Charges Made That Chief Justice Chambers Was Influenced in the Selection of Malletta as King by the Protestant Missionaries—Situation at Washington.

Berlin, April 12.—Dr. Joannes Raffel, the former German president of the municipal council of Apia, Samoa, has arrived here and has had several long conferences with the officials of the German foreign office.

The Local Anzeiger prints an interview with Dr. Raffel in which he is quoted as saying:

"The decision of Chief Justice Chambers in favor of Tanu was partly due to the fact that Mataafa is a Catholic, while Tanu is a proselyte of the British missionaries. Mataafa is the only king the Samoans will tolerate. There has been a sudden veering of views upon the part of both the minister of foreign affairs, Baron von Buelow, and the emperor."

## Must Have Disavowal.

A foreign office official said in energetic language that Germany, before engaging in an investigation of the commission's work, must insist upon the American and British governments' unmistakably disavowing the flagrant violations committed by Admiral Kautz and Capt. Sturdee.

More energetic still is a semi-official announcement which declares that "if Great Britain and America do not heed the diplomatic remonstrances made in London and Washington these remonstrances will be fortified," adding: "Germany insists upon receiving full satisfaction for the number of breaches committed in Samoa."

## Situation at Washington.

Washington, April 12.—It may be stated that the government will not accede to any request from Berlin in advance of a conviction that Admiral Kautz acted wrongly, the presumption always being that he acted with due propriety.

## May Assign Warship.

There is a chance that the United States may assign a naval vessel to carry the high commission to Samoa. In an authoritative quarter it is stated that reports of a German protest against Admiral Kautz's course in reference to the treatment of the cruiser Falke are unwarranted.

## German Protest Oral.

London, April 12.—The Berlin correspondent of the Standard says that Germany's protest to Great Britain and the United States regarding the action of the British and American representatives in Samoa was not drawn in writing, but was orally communicated by Count Von Halzfeld, German ambassador in London, and Dr. Von Holleben, German ambassador at Washington.

## BRIDGE ACCIDENT KILLS FOUR

Eighteen Others Injured by the Collapse of a Superstructure.

New York, April 12.—The temporary superstructure of the big Willis avenue bridge, now being built over the Harlem river, collapsed Tuesday, killing four men and seriously injuring six, one of whom may die. Twelve or more workmen also received injuries of a more or less serious nature. The dead are:

BEATTIEM, LEWIS.

DELANEY, WILLIAM, 65 years old.

DELANEY, WALTER, son of the above, 22 years old.

GRADY, THOMAS, mason's helper.

The most seriously injured are:

Pursley, Charles, 31 years; skull fractured, will probably die.

Perry, Joseph, 27; head crushed.

Sheehan, Daniel, 25; hurt about the head; arms crushed.

Wolf, S. C.; crushed about the head and body.

Medbo, Simon, 28 years; crushed.

The accident was caused by too great a weight being put on the traveling derrick that crossed the superstructure.

## Indiana Labor Federation.

South Bend, Ind., April 12.—The State Federation of Labor seems to be in a flourishing state at the present time. It has a membership much larger than in past years. J. W. Peters of this city, who is the secretary of the organization, has been notified that the United Mine Workers are desirous of becoming a part of the society and are anxious to add their membership of 110,000 to the federation. The mine workers are divided into sixty unions. Prospects are also good for the affiliation of the railroad men of the state with the society, thereby increasing the membership by 80,000. It is expected that this will be accomplished before the summer passes.

## New Orders American Machinery.

New York, April 12.—After keen competition by the locomotive building companies of this country and Great Britain the Cooke Locomotive works of Paterson, N. J., received an order for five locomotives from the Barry Railway company of Wales. The order is regarded as a big victory for American builders and as a high compliment to their products.

## Beet-Sugar Bounty Wins.

Lansing, Mich., April 12.—The opponents of the bill reducing the beet-sugar bounty won a victory Tuesday, the bill being sent to a hostile committee. The bill making an appropriation for the ensuing two years at the old rate of one cent a pound will be disposed of today in the house, and is likely to pass.

## Russia and Great Britain Agree.

## Irish Nationalists Win.

Dublin, April 12.—The elections for members of the Irish county councils have resulted in the choice of 113 unionists and 536 nationalists. In Ulster 80 unionists and 96 nationalists were elected.

## Forty-Five People Drowned.

La Valetta, Malta, April 12.—The British steamer Kingswell ran into and sank the Greek coaster Maria in latitude 36 north, longitude 22 east. Forty-five persons on the Maria were drowned.

## Stories of M. Bassinet.

The Paris papers are telling stories of M. Bassinet, a new member of the French senate. Like many of his colleagues, he is a self-made man, and began life as a journeyman mason. In that capacity he was employed to renovate the sculptural facade of the Luxembourg palace, when the architect, noticing his skill and industry, said to him by way of encouragement: "Why, you couldn't be making a better job of it if it were your own house." He had at the time no political aspirations, but, all the same, he now sits as senator in the building he helped to adorn.

## Chicago Live Stock Market.

Chicago, April 11.—Fair Tuesday receipts—heavier than same day last week or last year in all branches—found sale today close to the level of Monday's values. Demand was not of great volume as usual on the second market day and later trade had rather weak tone all round, the moderate supply proving ample. Receipts were estimated at 2,500 cattle, 19,000 hogs and 14,000 sheep. Late trade in hogs and sheep had perceptibly weaker tone and the cattle trade was not very brisk at best.

to the coffee drinker. Coffee drinking is a habit that is universally indulged in and almost invariably induces indigestion and constipation. It is almost like coffee. Have you tried Grain-O? It is almost like coffee. Coffee upsets the stomach and ruins the digestion, affects the heart and disturbs the whole nervous system. Grain-O tones up the stomach, aids digestion and strengthens the nerves. There is nothing but nourishment in Grain-O. It can't be otherwise 15 and 25c per package.

## No Enslaving Drugs

As Morphine, Chloral, Cocaine, etc., are Used, Even in the Most Minute Quantities in the Compounding of Dr. Miles' Nervine.

It is a Great Nerve Medicine That Cures Without Enslaving

Dr. Miles' Nervine has been before the public for many years, and has by its wonderful cures, earned an enviable reputation as a cure for nervous diseases. It is perfectly harmless and contains no trace of opium, morphine, chloral, cocaine, or other stupefying narcotic and poisonous drugs. It does not make slaves of weak and helpless invalids, but it assists the debilitated and diseased nervous system to regain its normal healthy condition. The record for this great specific for nervous diseases has been one of unbroken triumphs, the like of which was never known before. So confident are its makers that it will do more than is claimed for it, and so desirous are they that every one suffering from nervous troubles should give it a trial, that all druggists have been authorized to sell first bottle on a positive guarantee that it will benefit. Should it not do so, return the bottle to your druggist and get your money back. Not one bottle in ten thousand is returned.

Early in the spring of 1891, Mrs. Laura A. Voylee, Lincoln, Ill., con-

tracted a hard cold which caused a derangement of the delicate organs peculiar to her sex. This trouble was followed by severe headaches and finally by hemorrhage of the lungs, which threatened to terminate fatally. She writes: "I gained sufficient strength to get up and move around, but our family physician seemed to be unable to relieve me of all my trouble. My blood was thin and colorless, and greatly lacking in nourishment, but my nerves were worse. I felt hungry all the time but my nerves were worse. I felt hungry all the time, could not stay at the table long enough to eat. I was so weak and nervous that I seemed to be in a hurry all the time. At night I was restless and could not sleep more than an hour or two, while my legs would be cold and the upper part of my body and my head would be hot. A friend told me how Dr. Miles' Nervine cured her of sick headache and I determined to try it. The very first two doses helped me, and in a few weeks I felt well and strong as ever I did in my life."

A merchant of Middlebury, Vt., writes

"Two years ago I was suffering from indigestion bordering on dyspepsia and nervousness, which was so severe that I was unable at times to control myself. Through a friend I was persuaded to try Dr. Miles' Restorative Nervine and Nerve and Liver Pills. After using four bottles of Nervine and one box of Pills, I was decidedly a new man and returned to my business cares with increased energy. FRANK A. BOND, Middlebury, Vt.

Dr. Miles' Nervine will positively cure headaches of long standing and is exceedingly beneficial in such troubles as epilepsy and hysteria.

## Sample Treatment Free.

A trial package of Dr. Miles' favorite treatment consisting of Dr. Miles' Restorative Nervine, Dr. Miles' Anti-Pain Pills and Dr. Miles' Nerve and Liver Pills, will be sent absolutely free of cost to any person who will send name and address on a postal card, requesting the samples, and mentioning the name of this paper to DR. THEY ARE

**Better Than Ever**Have just received another large lot of our  
**Boys' Elastic Double Knee****Bicycle Hose.....**

Have already sold hundreds of dozens of them and every mother in Janesville will say they are the equal to any 25c hose they have ever brought.

The price is: **17c** a pair as usual.**TO THE CONSUMER.****Elastic Double Knee Bicycle Hose.**

These goods are made in the United States; are absolutely stainless and are made from 2 thread pure MACO Yarn, with 3 threads in the knee and in the heel and toe, and while the knee is double it is more elastic than any other part of the stocking, thereby giving free action to the knees, and for this reason we claim it is the best Bicycle or Boys' School Stocking ever put on the market.

See the large show window full of them.

**Don't Forget**

we have a department for cleaning and pressing clothes in connection. We would like your patronage.

**MAKING BALLOONS.****How They Are Manufactured of Gold-beater's Skin.**

The balloons are manufactured of gold-beater's skin, says Pall Mall Magazine, which, though small toy ones had been made of it, could not be produced in sufficient quantities for the large balloons until Col. Templer invented and perfected the process, which is briefly as follows: The gold-beater's skin is made up of quantities of a certain thin animal membrane (30,000 of these are required for a balloon of 10,000 cubic feet capacity), which is first freed from all fatty substances and then soaked in a solution of glycerin and water. They are then applied to boards cut in the form, and to the size of the gore of the balloon required; others are then superposed, until a thickness of four layers has been reached, great care being taken that no air bubbles remain between the skins. After this fourth layer a method of strengthening is resorted to, in the shape of a net manufactured of skin. After this net two or three more layers of membranes are applied. The whole is then allowed to dry, and a solution of boiled linseed oil is used as a varnish. The fabric is then quite indissoluble, and the membranes cannot by any possible means be separated from one another, but sometimes, to render this homogeneity the more perfect, a solution of bichromate of potash is sponged over the fabric.

**POLITICS IN KENTUCKY.**

The political washpot has commenced to boil in Kentucky. Despite the

HON. WILLIAM GOEBEL, fact that four months must elapse before the gubernatorial convention meets there are several candidates in the field already. Prominent among this number is Hon. William Goebel, of Covington. This distinguished representative of the blue grass state is now serving in the upper branch of the legislature. He enjoys the distinction of being one of the ablest democrats in the state and the prospects of his

nomination and election are good unless the friends of Hon. Watt P. Hardin insist upon running that gallant old warhorse for the same position. Mr. Goebel states that he stands squarely upon the Chicago platform. So does Hardin.

**Bless Her Heart!**

"It's just like a woman." "What is?" "To buy something on her own account and then have it charged to her husband's."

**What to Feed Cats.**

One of the most successful English breeders of cats says that frequent change of diet benefits the animals. Boneless fish and rice are good for them; so is condensed milk, and in warm weather vegetables should be freely mixed with their food.

**BEMIS  
China Tea Store.****ALMOST GARDEN MAKING TIME!**

A welcome thought to all lovers of out door work of this sort. The last two years we have pleased hundreds of customers with the best of seeds—

**Landreth's Seeds!**

This year we expect to please the same people and many more. We will sell Landreth's seeds again the coming season. Our seed experience runs over a good many years, yet in all that time we never have sold a brand of seeds that were superior from every point as Landreth's; they are true to name in every particular. Landreth's Seeds

**ARE NEVER OLD.**

Each year the old stock on hand is destroyed, so that the stock of this season was grown on the Landreth farms last year. Landreth's

**Garden, Flower,  
Grass, and Field Seeds,**

include every variety known, and germinating qualities cannot be better. We have received our spring invoices of them and have them opened up ready for sale. The Landreth & Son's seed house was established in 1784 and are now in their 115th year of continuous successful business. Such a record means much and tells a tale of great reliability. You make no mistake in buying Landreth's seeds—there are no better anywhere.
